

STATE OF MINNESOTA

Executive Department

Governor Tim Walz

Emergency Executive Order 22-10

Providing Assistance to the State of North Dakota

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order.

The State of North Dakota is facing significant overland and riverine flooding within the Sheyenne and Red River basins caused by the rapid melt of the record-breaking snowfall of April 12-14, 2022, and the heavy spring rains during April 22-24, 2022.

The resources of affected local, county, and state governments are inadequate to meet the demands caused by the flooding, and the Governor of North Dakota has declared a statewide emergency.

The State of North Dakota has requested Minnesota Army National Guard helicopter support under the Emergency Management Assistance Compact.

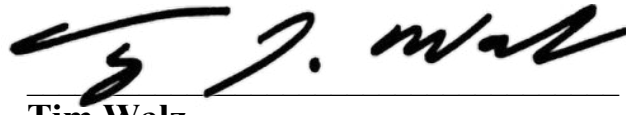

For these reasons, I order as follows:

1. The Adjutant General will order to state active duty on May 6, 2022 the people, equipment, and facilities needed to support emergency aerial operations in North Dakota.
2. The Adjutant General is authorized to procure the goods and services needed to accomplish the mission.
3. The costs of this assistance will be paid from the general fund as allowed by Minnesota Statutes 2021, section 192.52.

This Executive Order is effective immediately under Minnesota Statutes 2021, section 4.035, subdivision 2, and remains in effect until May 11, 2022.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on May 6, 2022.

Tim Walz
Governor
